---

Came from RCRA....please proceed as stated below...please get any addition info from Greg (he had tceq rcra info and rcra contact on this site).

Also need to get anything Omar has on this site (if any). Tx

Susan:

I communicated with Bob Sullivan on the Doyle Salvage Site. He indicated that only an assessment was conducted. If you want, I will plan to issue a TDD to obtain the assessment reports and put the data in a flexviewer for us to review so we can make a decision on further sampling and possibly a cleanup if determined necessary.

Is this the way you want us to proceed. Who requested our re-evaluation of this site?

Thanks
